### Some Common Practices:

- 1 There are individuals using incorrect domains & are emailing on SAFCO's behalf misleading companies and attracting attention by sending fake enquiries. Beware!!

Our correct domain is - safcointl.com and we do not have any other alternative domain. Sometimes cyber criminals may use safcointl.com as a display name to misguide you. Beware and verify the authenticity of the email received.
- 2 We would also request you to verify old records for bank details and do NOT accept any variations in bank details while making payments. We have never changed our bank accounts.
